August 8, 1994

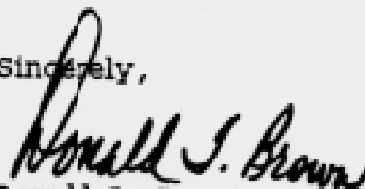

To Whom it may concern:

This is a letter of recommendation for Edmund Hintz concerning his high level of dependability, intelligence, and ability to solve problems on the job. Mr. Hintz has many characteristics employers will find to be desirable.

Mr. Hintz worked for us at the El Camino College Music Library as an assistant, while he was a student for the past several years. His record as an employe was exemplary, and he was always considered to be among the most competent, helpful, and computer-literate assistants. His curiosity and ability to utilize information technology and computer software was exceptional.

Anyone potentially able to hire Mr. Hintz would find his flexibility and pleasant personality to be assets. For a more specific discussion of our experiences with Mr. Hintz, please contact me at El Camino College at the phone number below during regular business hours.

Sincerely,

Donald I. Brown
Music Librarian
